Johnstown Citizens Demand Definite Information About the

DISTRIBUTION OF RELIEF FUNDS.

Another Brace of Murders in the West Virginia Mining Region.

ALL THE NEWS FROM NEARBY TOWNS

JOHNSTOWN, October 18 .- Notwithstanding the statements of members of the State Commission that everything is moving along satisfactory here, such is not the case. Within the past few days the general opinion prevailed that everybody would be paid on a percentage, and members of the Board of Inquiry seemed to understand it that way. This being denied, the people were at a loss to understand anything about the situation. So great has the dissatisfaction become that the Finance Committee took eognizance of it to-day by requesting

took cognizance of it to-day by requesting the Board of Inquiry to make a public statement of the condition of things.

The letter concludes as follows: "The time has come when further delays must have ample justification. Many cases are now arising daily where people are obliged to make sacrifices which would be prevented if they could receive the money which will be awarded to them, or if they had any certain knowledge that such an award would be made. Will you kindly give us official information on why the money is not paid out."

PLENTY OF LETTERS.

The following was also addressed to the To J. B. Kremer, Esq., Secretary of Flood Com-

mission:

DEAR SIR—By resolution of the Committee on Finance, the Beard of Inquiry has been requested to unswer the following matters: Have you finished your labors for the final distribution? What impediments, if any, are in the way of prompt distribution to classes 4 and 5? Will the money be paid out in accordance with your awards, or is any further revision of the schedules contemplated? The interest in matter of distribution is so great and the delay in this matter of a day or even an hour is now so detrimental that it is due to the public that full and official information should be published. Will you kindly advise us in regard to the following matters: What are the impediments, if any, to the immediate and final distribution of the relief money? Has the Bureau of Inquiry completed its labors? Will the money be paid in accordance with awards of the Burcau of Inquiry, or will the schedules be subject to changes or modifications? If so, how and upon what principle will these changes be made, and who will make them, and WHEN WILL THIS WORK

be accomplished? An early reply will greatly oblige. By order of the Committee on Finance. CYRUS ELDER, Secretary."

The committee of leading citizens who had been appointed to inquire the excuse of the delay have been instructed that if sufficient reasons are not given that they shall at once call a

sons are not given that they shall at once call a public meeting to take action on the question. It is stated that the Flood Commission will meet here next Tuesday.

The transfer and reinterment of the unidentified dead will begin next Monday and it is suggested that those who have lost friends whose bodies have not been identified that they be present when the graves are opened, when an opportunity will be given and all possible clews furnished for identification.

#### A CASE FOR THE CORONER.

The Charred Remains of an Unknown Man Found at Chartiers.

SPECIAL TELEGRAM TO THE DISPATCH. MANSFIELD, PA., October 18.-This afternoon at 3 o'clock the body of an unknown white man was discovered in a draught hole at the Vulcau Forge and Iron Works of Long & Co. at Chartiers by the millwright. The man was probably 80 years of age and 5 feet 5 inches in height, with a black beard and mustache. The whole body was cooked, and the face was charred beyond recognition. It is clothes were not burned off, and he had no doubt suffocated

not burned off, and he had no doubt suffocated by a dry heat.

Great trouble was experienced in removing the body from the pit. The man was a stranger and had probably been dead several days. How he got there is a mystery, but it is thought he was a tramp and had crawied in there to sleep. The finding of the body has caused great ex-citement. The Coroner has been notified.

#### A REGULAR OCCURRENCE.

Two More Murders Reported From the West Virginia Mining Region.

SPECIAL TELEGRAM TO THE DISPATCH. WHEELING, W. VA., October 18 .- Meager accounts have been received here of the mur-ders committed Wednesday at Elkhorn, in the Wyoming county mining region. Moses Bennis, a Belgian miner, quarreled with his wife late on Wednesday afternoon and shot her four times, death resulting in a very few

minutes.

About the same hour and in the same community a negro named Arthurs crushed his wife's head with a stone. In each case the husband charged the wife with unfaithfulness. Both men are in jall at Bramwell.

#### A Theatrical Company in Trouble. SPECIAL TELEGRAM TO THE DISPATCEL1

BEAVER FALLS, October 18 .- The Agnes Villa Company played at the Sixth Avenue Theater last night, and then discovered that their advance agent had left his trunk here their advance agent had left his trunk here and skipped out without warning. An investigation went to show that he had billed no towns ahead of them, so they immediately cancalled all engagements in the West and this morning returned to Brooklyn to reorganize and make a fresh start.

PUBLIC WORKS CLOSING.

Water Pipes and Sewers Pushed to Anticipate Cold Weather.

As the 15th of November approaches the works in progress on the various streets of the city are being hurried up to avoid the subsequent probable cold snaps interfering with the business. Superintendent Brown, of the Water Bureau, says there are now only about 1,200 feet yet to lay of the 30inch water main to Bunker's Hill street, and that will be completed by the date mentioned unless some extraordinary impediment in the shape of rocky formation or un-favorable weather should intervene. All the mains leading to the city will be connected with this giant pipe. The 16-inch pipe on Penn svenue from Pifth to Home-wood is finished, and all the small pipe, 6 and 4-inch, contracted for, will be completed next week.

The 15th of November is generally thought to be the limit at which all the streets must be closed up, as provided by the ordinance, but the city bureaus are not particular as to a week or so. Last winter, which was an open one, unpayed streets on the outskirts of the city were kept open for sewer construction the whole season. On the paved streets, however, the ordinance is

GROWTH OF LAUNDRIES.

Sixteen Concerns Doing Business in the City at Present.

The election of Mr. C. H. Brace, of this city, as one of the Vice Presidents of the Laundrymen's National Association, is another evidence of the great growth of the laundry business in this city within the

The first to engage in the steam laundry business in this city was Charles Pfeifer, of Allegheny City, who established a plant about 13 years ago. Three years later Brace Bros. removed here from Titusville and entered the field. Following them came the Iron City Steam Laundry, and to-day there are 16 or 17 laundries doing

In conversation with a representative of the firm of Brace Brothers yesterday, the agent stated that thousands of families of this city instead of doing their own washing give it to the steam laundries. The latter have demonstrated that they can do the work better and obeaper than it can be done at home. The laundries give employment to between 475 and 500 young women and men.

A LUNATIC'S RBULLITION.

A Former Gas Producer Who Wants Ald in Manipulating Markets.

The appended communication, which evidently ought to have been postmarked "Dixmont Insane Asylum," but for some unaccountable reason was not, has been sent to this office. It must either have been smuggled out of the asylum by one of the slyest and most cunning lunatics, or have been written outside of an insane institution by some disingenuous knave, who thought all he had to do to compel a newspaper to bull or bear a stock which he was rested in manipulating, was to accuse that journal of doing what it never had come anywhere near doing. THE DISPATCH is a newspaper, and can't be cajoled or coaxed into the fields of either bulls or bears to suit any manipulator's purpose. See what this one has to say:

what this one has to say:

Editor of the Dispatch, City:

DEAR SIB-Keep up your persistent bulling of Natural Gas Shares; Keep on trying to deceive the public to the end.

Gas is failing just so sure as the sun shines, and all the newspaper bulling in existence cannot resuscitate the fields from which the leading companies of this city have been, and are now, obtaining their supply. Thirty-six (36) inch mains may for a time meet the requirements, but the beginning of the end is near and don't you for-get it.

Widows: Orphanis: Butchers; Bakers and Candle-stick makers, by either ignorant or willful misrepresentation of the press of this city, have been encouraged to invest in a class of securities without an intrinsic value. Keep it up. Keep it up. Yours truly.

# O.McClintock&Co. UNDERWEAR

The lightest and most delicate shades of color are now permissible and advisable in Pittsburg's clear atmosphere and clean surroundings. Carpets and Curtains are now selling freely which in the smoky days of Pittsburg (anti-natural gas days) would have been admired but not purchased.

The delicate harmony and chaste appropriateness to each other, in form, color and design of our new Carpets, Curtains and Furniture, will be made apparent by an inspection of our show windows, our Exposition display and our new stock in store.

We can aid you in the difficult task of combining fabrics and colors in correct and tasteful furnishing by experienced and reliable salesmen. Special designs and sketches of draperies will be submitted if desired.

## \$15, \$18, \$20, \$25 and \$30

Are our prices for our very finest Overcoats, such as we propose to sell to gentlemen who have hitherto been accustomed to have their Overcoats made to order. Suppose a man pays \$40 for an Overcoat made by a merchant tailor, how much do you suppose he pays too much? About \$12! this being \$7 extra profit to the tailor and \$5 toward liquidating the accounts owing by those who NEVER PAY their tailors' bills. Thus it will be seen a man who pays his tailor is "gouged" in the most barefaced way. Come to us and we'll save you all this extra money, give you as good goods and guarantee satisfaction in every way.
